## SUMMARY

Experienced Mobile Developer with a strong proficiency in Flutter and Dart, specializing in creating high-performance, responsive mobile applications. Proven ability to transform complex designs into functional user interfaces and integrate backend services efficiently. Skilled in leveraging Firebase and Supabase to enhance app functionality and user experience. Demonstrated success in delivering projects on time with a focus on quality and performance.

## EXPERIENCE

### Mobile Developer

07/2023 - 06/2024

Level Up Mobile ↗

Successfully completed the entire UI design slicing process for the Level Up mobile application using the Flutter framework. The project involved transforming the visual design into functional and responsive user interface components, in accordance with modern design standards and user needs.

### Quality Assurance Specialist

07/2023 - 01/2024

Worki ↗

Successfully created test cases and UAT tables: In my role as Quality Assurance Specialist on the Worki application project, I have successfully developed comprehensive test cases and User Acceptance Testing (UAT) tables. This ensured that each application function was thoroughly tested to guarantee optimal quality and performance. This effort contributes significantly to detecting and fixing bugs before launch, so that the application can run according to user expectations.

### Internship Android Development

09/2021 - 02/2022

Chevalier Lab ↗

During my internship at Chevalier Lab Telkom University, I managed to create a library mobile application using Kotlin programming language. This application is designed to make it easier for users to access the book catalog, search for available books.

### Internship Wordpress Developer

08/2021 - 02/2022

Scholarship4us ↗

I successfully created the Scholarship4us landing page website using WordPress, integrating a user-friendly responsive design, SEO optimization, and a user-friendly registration system. This supports the main achievement of increasing the visibility of the scholarship program and facilitating the registration process for prospective scholarship recipients.

## EDUCATION

### Application Software Engineering

2021 - 2024

Telkom University - Diploma

## CERTIFICATES

### Belajar Fundamental Aplikasi Flutter ↗

06/2024 - 06/2027

Dicoding Indonesia

<b>Belajar Membuat Aplikasi Flutter untuk Pemula</b> ↗ Dicoding Indonesia	11/2023 - 11/2026
<b>Memulai Pemrograman dengan Dart</b> ↗ Dicoding Indonesia	10/2023 - 10/2026

## SKILLS

Framework : Flutter	Intermediate	Database Management: Firebase, Supabase	Basic
Programming Languages: Dart	Intermediate		
Tools: VS Code, Postman, Apidog, Figma, Notion, Jira, Github	Intermediate
